Letter No. C2-1/49-50 dated 24th October 1949 from the Director of Industries and Commerce in Mysore, Bangalore, to the Chief Secretary to the Government of Mysore, Bangalore.

Subject:- Import and Export Control - Wireless.

1439

With reference to your D.O. letter No. 8756-68/CB. dated 14-10-1949 on the above subject received in this office on 17-10-1949, I write to state that the question of issuing separate import licenses was not being taken up by this Department in view of paragraph (3) of the letter No. D3/P&T.11-30-5 dated 30-6-1932 from the Government and Government Order No. G.4843-85-P.P.72-25-18 dated 12-11-1926 (copies enclosed herewith for ready reference). However, the Posts and Telegraphs Department are issuing separate Import Licenses, under the Indian Telegraphy Act and Rules framed thereunder.

No special permission is required to remove a wireless telegraphy apparatus to a place outside the State limits. But it is binding on every licensee to inform this office of any permanent change of location of the wireless apparatus. A breach of this condition is punishable under the Mysore Wireless Telegraphy Act IV of 1937 and Rules framed thereunder.

3. As regards the application for importing wireless apparatus, this comes within the purview of Government Order No. G.4843-85/P.P.72-25-18 dated 12th November 1926 where the issue of a Broad-cast Receiver license would imply the grant of permission to import the necessary apparatus. Further, since the validity of the executive orders depends on legislation, no object is served in merely modifying Government Orders for a few stray individual cases.
